The History of Artifacts Provenance Research at the Museum of the Bible. Objects in museums tell us stories about the past. An artifact's provenance is the history of its ownership and location, from its creation or place of modern discovery to the present.

**Provenance | Museum of the Bible**

The Gutenberg Bible (also known as the 42-line Bible, the Mazarin Bible or the B42) was among the earliest major books printed using mass-produced movable metal type in Europe. It marked the start of the "Gutenberg Revolution" and the age of printed books in the West. Widely praised for its high aesthetic and artistic qualities, the book has iconic status.
