The history of art focuses on objects made by humans in visual form for aesthetic purposes. Visual art can be classified in diverse ways, such as separating fine arts from applied arts; inclusively focusing on human creativity; or focusing on different media such as architecture, sculpture, painting, film, photography, and graphic arts. In recent years, technological advances have led to video ...

Paper, a thin unwoven material made from milled plant fibers, is primarily used for writing, artwork, and packaging; it is commonly white. The first papermaking process was documented in China during the Eastern Han period (25–220 CE), traditionally attributed to the court official Cai Lun. During the 8th century, Chinese papermaking spread to the Islamic world, where pulp mills and paper ...
