Applying Learning Theories to Online Instructional Design. By Peter J. Patsula, Sookmyung Women's University, Seoul. 1999. Introduction. The following tutorial consists of five learning modules. Each module describes a learning theory and how that learning theory can be applied to improving online teaching and training materials.

### **learning\_theories\_full\_version - Patsula**

Definition. The Association for Educational Communications and Technology (AECT) defined educational technology as "the study and ethical practice of facilitating learning and improving performance by creating, using and managing appropriate technological processes and resources". It denoted instructional technology as "the theory and practice of design, development, utilization, management ...
