A goal is an idea of the future or desired result that a person or a group of people envisions, plans and commits to achieve. People endeavor to reach goals within a finite time by setting deadlines.. A goal is roughly similar to a purpose or aim, the anticipated result which guides reaction, or an end, which is an object, either a physical object or an abstract object, that has intrinsic value

We all know that we should be setting goals...Most of us have tried it but ultimately gave up on the process because it simply didn't work. It might have been because simply writing your goals down didn't provide enough motivation or structure for achieving them or the system you used required too much time and work to follow. This is different.
